Course Description (GaDOE/College Board): This course is designed to be the equivalent of a two semester college introductory biology course usually taken by biology majors during their first year. The AP Biology course is designed to be taken by students after the successful completion of a first course in high school biology and on in high school chemistry. It aims to provide students with the conceptual framework, factual knowledge, and analytical skills necessary to deal critically with the rapidly changing science of biology. The topics covered on the course are molecules and cells, heredity and evolution, and organisms and populations.

Standards: Course Content Standards can be found on p. 24 https://apcentral.collegeboard.org/pdf/ap-biology-course-and-exam-description-0.pdf

Required Assignments: Formal lab reports, individual and/or group projects, lab-based quizzes, unit quizzes and tests, daily formative assignments (labs review, online activities, etc.)

Required Materials: Composition notebook (you may want one for each semester), calculator, pens and pencils. You may want your own colored pencils and glue sticks/tape (optional but not required).

Availability for Extra Help: Tuesday and Friday mornings from 8:00-8:20; afternoons by appointment only

Makeup Work: Make up work is defined as work assigned during a student's absence, not work assigned prior to an absence. The student has five (5) school days upon returning to school to complete make-up work. The teacher has the discretion to grant a longer period to make up work if there are extenuating circumstances.

Grading Calculations:

<u>Course Average</u> = 50% (1^{st} Sem. Course Work) + 50% (2^{nd} Sem. Course Work) 1^{st} and 2^{nd} Semester Course Work = 75% Summative + 25% Formative

Grading Policy:

A = 90 - 100

B = 80 - 89

C = 70 - 79

Failing = Below 70

Formative Assessments include, but are not limited to, homework, class work, labs, investigations, practice tests, rough drafts, and sections of projects/research papers/presentations.

Summative Assessments include, but are not limited to, unit tests, final projects, final essays, formal lab reports, final research papers, and final presentations.

Learning Resources/Textbook(s): All learning resources, both print and digital, are meant to support and enhance the student learning experience in this class. Below are the names of the textbooks and websites that will be used in this course. Some of the web-based resources require parent permission per federal regulations. Federal laws that guide parent permission requirements are as follows:

• Children's Internet Protection Act (CIPA): The school is required by CIPA to have technology measures and policies in place that protect students from harmful materials including those that are obscene and pornographic. Any harmful content contained within inappropriate sites will be blocked. http://fcc.gov/cgb/consumerfacts/cipa.html

- Children's Online Privacy Protection Act (COPPA): COPPA applies to commercial companies and limits
 their ability to collect personal information from children under 13 years of age. No personal student
 information is collected for commercial purposes.
