

Forsyth County Schools

Honors Chemistry Syllabus 2023/2024

Teacher Name: Mr. Ash

Email: cash@forsyth.k12.ga.us

Room Number: 1422

Phone: (770) 781-2264 **EXT:** 101422

Course Description (GaDOE): The Chemistry curriculum is designed to continue student investigations of the physical sciences that began in grades K-8 and provide students the necessary skills to be proficient in chemistry. This curriculum includes more abstract concepts such as the structure of atoms, structure and properties of matter, characterization of the properties that describe solutions and the nature of acids and bases, and the conservation and interaction of energy and matter. Students investigate chemistry concepts through experience in laboratories and field work using the processes of inquiry.

Standards: Course Standards can be found at

<https://lor2.gadoe.org/gadoe/file/9ef97f6e-c64e-4772-ab02-ef511285b81f/1/Science-Chemistry-Georgia-Standards.pdf>

Required Assignments: This course consists of twelve units. Within each unit students will be expected to complete assigned classwork, quizzes, labs, and unit tests. A unit test will be given at the completion of each unit. Formative assessments such as laboratory reports, classwork, and quizzes will be given for each unit. Test dates will be announced and posted to Canvas several days in advance. Depending on the nature of projects, they will either be a formative or summative grade.

Required Materials: For the most effective learning throughout the course, students will need a 3-ring binder with dividers for each unit. Students will be responsible for keeping their daily work and labs for use at the end of each unit. Students will also need a scientific calculator. I recommend a TI-30XS Multiview or similar model.

Availability for Extra Help: Most mornings or afternoons from 8:00 am- 8:15 am or 3:40-4:00 pm and during Instructional Flex.

Makeup Work: *Make up work is defined as work assigned during a student's absence, not work assigned prior to an absence. The student has five (5) school days upon returning to school to complete make-up work. The teacher has the discretion to grant a longer period to make up work if there are extenuating circumstances.*

Grading Calculations:

Course Average = 50% (1st Sem. Course Work) + 50% (2nd Sem. Course Work)

1st and 2nd Semester Course Work = 75% Summative + 25% Formative

Grading Policy:

A = 90 – 100

B = 80 – 89

C = 70 – 79

Failing = Below 70

Formative Assessments include, but are not limited to, homework, class work, labs, investigations, practice tests, rough drafts, and sections of projects/research papers/presentations.

Summative Assessments include, but are not limited to, unit tests, final projects, final essays, formal lab reports, final research papers, and final presentations.

Learning Resources/Textbook(s): All learning resources, both print and digital, are meant to support and enhance the student learning experience in this class. Below are the names of the textbooks and websites that will be used in this course. Some of the web-based resources require parent permission per federal regulations. Federal laws that guide parent permission requirements are as follows:

- **Children's Internet Protection Act (CIPA):** The school is required by CIPA to have technology measures and policies in place that protect students from harmful materials including those that are obscene and

pornographic. Any harmful content contained within inappropriate sites will be blocked.

<http://fcc.gov/cgb/consumerfacts/cipa.html>

- **Children's Online Privacy Protection Act (COPPA):** COPPA applies to commercial companies and limits their ability to collect personal information from children under 13 years of age. No personal student information is collected for commercial purposes.
<https://www.ftc.gov/tips-advice/business-center/guidance/complying-coppa-frequently-asked-questions-0>
- **Family Educational Rights and Privacy Act (FERPA):** FERPA protects the privacy of student education records and gives parents the right to review records. Under FERPA, schools may disclose directory information in certain circumstances.

Please review the resource list. Each website related to the curriculum resources is provided along with its privacy policies. Should you have any questions regarding these resources, immediately contact the course teacher via email or phone.

As a part of their participation in PSAT and/or SAT testing, students may be expected to utilize accounts created with the College Board via their official website. These accounts provide students with the ability to register for the PSAT and SAT assessments, as well as other program resources as offered by the College Board. Parents and students should review the College Board privacy policies and collaboratively create and manage this account. For additional information, please contact the PSAT/SAT Coordinator at your student's school, and visit <https://privacy.collegeboard.org/privacy-center/>.

** The following resources are county approved. These resources may vary by school due to sequencing, pacing, curriculum design, and/or individual needs of students.*

Name of Resource*	Hard copy/Website	Privacy Policy
Glencoe <i>Chemistry: Matter & Change</i>	Class set of textbooks	Not applicable
