

**SCHOOL  
MEALS  
FOR  
2022-23**

At the close of this school year, the USDA will be ending the ability for all students, nationwide, to obtain free school meals due to the pandemic.

We will notify the community of our meal pricing prior to the start of the 22-23 school year.

If you need to apply for meal assistance provided by the USDA to low-income families, the online application will be available after July 11, 2022.
