August 2019

Advanced Placement Students:

We are excited that you are enrolled in an Advanced Placement (AP) course(s). The content and skills acquired in an AP level course are important to your high school career and college/career readiness.

Beginning this year, College Board has made a few changes to the AP test registration and available resources.

Students enrolled in an AP course for the 2019-20 school year will have the opportunity to take their AP exam in May 2020; however, **the registration deadline is significantly earlier than in the past.** The new deadline for AP test registration and payment for FCS is **Monday, October 28, 2019.** Please note this change is a requirement from College Board. Each high school's AP coordinator will work with students, parents, and teachers to communicate protocols for registration and payment.

Along with the new registration date, AP students will have access to enhanced instructional resources that include AP question banks, personal progress checks, performance dashboards, and unit guides. These free resources will be available through the new MyAP Portal. Teachers will assist students with access to this new platform.

We appreciate your support of our AP programs and look forward to another great year!

Sincerely,

Dawn Phipps
