Due to the COVID-19 pandemic, all Forsyth County Schools transitioned to online learning on March 13, 2020 and continued through the end of the 2019-20 school year. Forsyth County Schools' students remained enrolled in all of their previously scheduled courses and were awarded numeric grades at the end of the term for all courses. Forsyth County Schools instituted a "Hold Harmless" provision for the last 9 weeks of the 2019-20 school year, which meant that for all grade levels, the totality of student work assigned and submitted during online learning, March 16-May 22, 2020, only had a positive impact on the overall semester average.

During the 2020-2021 school year, students were given the option of returning to face-to-face learning, participating in full-time virtual courses through Forsyth Virtual Academy, or a hybrid version of both options. All middle and high schools were on a block schedule for the 2020-21 school year. Students were able to take a maximum of 7 courses and a minimum of 6, with seniors' minimum being 4 courses. Students who were directly exposed to the COVID-19 virus were quarantined, with many students being quarantined multiple times throughout the school year.

For the 2021-22 school year, students were again given the opportunity to choose face-to-face or full-time virtual learning through Forsyth Virtual Academy. Students were able to take a maximum of 7 courses and a minimum of 6, with seniors' minimum being 4 courses. Students were only required to quarantine if they tested positive for the virus.
