## SCHOOL IMPROVEMENT GOALS

Goal 1: By the end of the 2022-2023 school year, all teachers will be able to identify learning targets, develop and use success criteria, and provide clear alignment among success criteria, learning experiences, and assessments in the area of Mathematics.

Goal 2: We will continue to develop our implementation of a PBIS model to create an environment in which behaviors are consistently and positively supported throughout the learning environment, including classroom support for teachers and students.
