## SCHOOL IMPROVEMENT GOALS

Goal 1: During the 2021-2022 school year, all teachers will collaboratively engage in a formal process of deconstructing standards, identifying learning targets, developing and using success criteria, and providing clear alignment among success criteria, learning experiences, and assessments.

Goal 2: By May 2022, we will increase healthy and positive connections among students and staff members in an effort to improve school satisfaction and connectedness. We will establish a baseline perception measurement using our internal student and staff survey.
