SCHOOL IMPROVEMENT GOALS

Goal 1: To utilize the most effective assessment strategies to improve student achievement and growth, South Forsyth High School content teams will design and implement success criteria to measure student learning. During the 2021-2022 school year, SFHS will increase its 4.5-week course passing rate from 82.5% to 85% as a result of implementation of school-wide professional development focused on effective assessment strategies.

Goal 2: During the 2021-2022 school year, all SFHS students will be exposed to and provide feedback through data about grade-level specific opportunities in an effort to understand and demonstrate how to "Connect to Achieve, Lead to Inspire" through the College and Career Center and/or South Forsyth academies.
