July 27, 2021

Greetings Forsyth County Schools Parents & Students--

We are excited that the first day of the 2021-22 school year is almost here! Please know that our staff in the FCS Transportation Department has been working diligently to make sure we are ready to roll on the first day of school for our students, schools, families, and community.

First, I want to assure our community that we are doing everything we can to reach our goal of providing safe, timely, and effective school bus service to Forsyth County Schools students & families this year. FCS Transportation will be following the same COVID safety procedures for students & staff that have been outlined by the district and are in place in all of our school buildings for the 2021-22 school year. An additional reality we face as the 2021-22 school year starts is the economic impact that the COVID-19 pandemic has had on our ability to recruit, hire, and retain full-time professional school bus drivers. Although we will continue to focus on filling every school bus driver position with a full-time driver, we will be starting the year with many routes being driven by fully qualified, trained, experienced substitute bus drivers. We have also been required to make adjustments to many of our bus routes/bus stops as we find opportunities to maximize our available resources (drivers, buses, and time) to serve all of Forsyth County's students & families. This may mean that you may see changes to long-standing drivers, routes, and bus stops that are familiar to you & your family. We are working to minimize these changes as best we can, but also realize that the adjustments we have been required to make are necessary for our team to achieve our goal.

As we start the year, we ask that you be patient and supportive as our drivers get to know your child and establish expectations & routines designed to deliver your child to & from school safely every day. As it is every year, the first three weeks of school is a learning process both for our drivers and for the many of FCS students that have never ridden a Forsyth County school bus.

We will do all that we can to quickly establish a dependable bus schedule for all of our students & families. Please know that our first priority is to start the school year making sure we are keeping your child safe & secure on the bus at all times. During the first few weeks of school, that means making sure all of our students are on the correct bus before they leave the school campus, ensuring that students are getting on & off the bus at the correct stops during the route, teaching students safe riding habits when entering, riding & exiting the school bus, and making sure our bus drivers are able to manage safely the traffic & road construction delays that they will experience from time-to-time on Forsyth County roads.

Three Level School Bus Transportation Schedule

Forsyth County Schools currently uses a three-level system to transport students to & from school on the school bus. Level One services the Elementary I schools listed below, Level Two services the Elementary II schools listed below & all FCS High Schools, and Level Three services all FCS Middle Schools.

Level	Schools	School Start Time	School End Time	Early Release
Level One	Elementary I*	7:40am	2:20pm	11:50am
Level Two	Elementary II**	8:20am	3:00pm	12:30pm
	High School	8:25am	3:40pm	12:55pm
Level Three	Middle School	9:00am	4:15pm	1:30pm
	<i>Alliance Academy of Innovation</i>	9:00am	3:05pm	12:20pm

We are professional and caring employees, providing transportation services that protect students, support quality learning and improve the community.

*Elementary I Schools: Big Creek ES, Brandywine ES, Brookwood ES, Chattahoochee ES, Chestatee ES, Coal Mountain ES, Cumming ES, Haw Creek ES, Kelly Mill ES, Matt ES, Poole's Mill ES, Settles Bridge ES, Sharon ES, Shiloh Point ES, Vickery Creek ES

**Elementary II Schools: Dave's Creek ES, John's Creek ES, Mashburn ES, Midway ES, Sawnee ES, Silver City ES, Whitlow ES

The First Three Weeks of School—What You Can Expect

During the first week of school, most of our bus routes will experience delays. In the morning, please make plans for your child to arrive at the morning bus stop at least **5-10 minutes** before the assigned bus stop pick-up time, and remain at your assigned bus stop until the bus arrives. Although a bus may be running late, FCS Transportation will provide bus service to all assigned bus stops every single day. In the afternoon, some buses/routes may deliver their last student home 30-35 minutes later than what you should normally expect throughout the rest of the school year. Before leaving our schools, our drivers and school administrators will be making sure that all students are riding the correct bus home. We are also taking the time to explain & practice safe habits when entering, riding, and exiting a school bus. We will also have many students who will be returned to school because they get on the wrong bus or miss their assigned bus stop. We will do our best to work with your child's school to communicate any delays longer than 15-20 minutes to you.

By the second week of school, most routes will have established a fairly reliable drop-off schedule and late buses should become the exception rather than the rule. Isolated bus routes may be later than their expected schedule by 15-20 minutes. At this point, most students are effectively loading & unloading at the school and are starting to practice safe riding habits. However, we will have a larger number of students than normal who have to be returned to school because they get on the wrong bus or miss their assigned bus stop.

By the third week of school and beyond, we expect to have established a regular, dependable routine, both at the school and at our bus stops. Nearly all our buses should be arriving when expected, both to the school and at the stop. Most of our routes & levels should be running on the regularly scheduled pick up & drop off times. Students will be practicing safe riding habits independently, and students on wrong buses and missing their bus stops will become the exception rather than the rule.

How Can You Help Us?

If your child is going to ride the school bus regularly, please make sure they ride from the first morning and continue to ride consistently through the first three weeks of school. Talk with them about which bus to ride and teach them to get off **ONLY** at their assigned bus stop. Help your child learn to recognize your assigned bus stop, and teach your child to ask the driver for help any time they are confused or uncertain. With you as our partner, your child will learn what to do more effectively if you help us establish the bus riding routine early and allow them to develop good riding habits by consistently riding the bus.

Please take the time to find the approximate time for the bus stop and have your child at the morning stop at least 5-10 minutes early the first time your student rides the route. Check with the driver to confirm the "scheduled bus stop time" for your child's bus stop, and have your child to the stop at least five minutes early every day.

We also ask that you use the S.O.A.R. resources available on the FCS Transportation website that we use to teach our students to be **Safe, Orderly, And Respectful (S.O.A.R.)** on the school bus. Help us teach your child about safe walking, waiting and school bus riding behaviors. You can find these resources on the FCS Transportation Department webpage by clicking on the **School Bus Safety Brochure** link. We know that we cannot successfully protect your child--and all of the children who ride the bus with your child—without the support of our parents and community!

We are professional and caring employees, providing transportation services that protect students, support quality learning and improve the community.

Finding 2021-22 Bus Route, Bus Stop & Pick-Up Information

If you want to find your child’s bus transportation information online, you have two main options:

- Log into FCS Infinite Campus Parent Portal, select your child, and then click open the Transportation heading from the menu to see morning & afternoon bus route information for your child.
- Go to the Forsyth County Schools website at www.forsyth.k12.ga.us, click on the Departments heading and select Transportation to go to the FCS Transportation home page. Once on the Transportation home page, select and click on the Bus Routes heading to access the Bus Route Information page. Once on this page, you can click to open either I agree, continue to 2021-22 Bus Stop Map to see a Forsyth County map identifying bus stops or Parent Portal to see bus route & stop information without a map.

If you have any other questions or issues regarding your child’s bus route, ride, or stop, please contact the FCS Transportation District Supervisor serving your child’s school or an administrator at your child’s school. Our supervisor’s names & contact information are provided below:
