

Forsyth County Schools

Quality Learning and Superior Performance for All

If the nurse deems the student to be ill or injured, the nurse will contact the parent to pick up their child from school. If the parent states that they want their child to drive home, the parent must fax or email the statement below to the school nurse.

Parent Permission for Driving Home

The school nurse has made me aware that my child,
_____, is ill or injured and has recommended, as well as asked, that I pick up my child from school. I am directing the school to allow my child to drive home and will not hold the school system or its employees liable for my decision.

Per updated check out policies:

If you send an email for your student driver to check out for any reason other than illness you will need to include a picture ID. We ID everyone that comes into the building to check out their student. This is another way to implement safety for our drivers also. You may snap a picture and attach to the email.

Also, do not forget that if your student is a driver checking out sick they must first go thru the school nurse. An email to attendance saying they need to check out sick will not be allowed. You may contact the nurse at achesna@forsyth.k12.ga.us or her extension is 331082.

Thank you for allowing us to be proactive in keeping your child safe when they are in our care.
