

# Parent Tools

## Parent Portal

- **Primary Purpose:** Check grades and view/edit student information
- Parent's username and password will access all of their children's information
- Students may check their own Parent Portal accounts using their own school username and password (and this keeps them from changing parental contact information)
- Set alerts for low grades and/or missing work
- Smartphone APP available!

## ItsLearning

- **Primary Purpose:** Find assignments for classes, materials to download, links for resources, online quizzes and tests, and drop-box for assignment submissions
- Parents may sign in using their Parent Portal username/password, but their "view" and ability to access class information is more limited
- Recommended: Log in with your child's username and password (but have them do the work)
- Smartphone APP available!

## Links to Know

- Forsyth County School System Website: [www.forsyth.k12.ga.us](http://www.forsyth.k12.ga.us)
- OMS School Website: [www.forsyth.k12.ga.us/oms](http://www.forsyth.k12.ga.us/oms)
- Parent Portal: <https://tinyurl.com/OMSPortal>
- Itslearning: <https://forsyth.itslearning.com>
- Class Link (Allows students to access their school "desktop" via the cloud, as well as school files and school accounts!): <https://classlink.forsythk12.org>
