Dear Class of 2025,

Welcome to the C-House – your new home away from home!!!

I cannot tell you how thrilled we are to have you join the Forsyth Central Family. As you will soon find out, the high school experience is far different than anything you have had thus far: Choices for classes and clubs, free time built into your day, and the chance to truly prepare for your futures. You are about to begin a very exciting time in your lives.

With great freedom, however, comes great responsibility. Learning to manage your time will be a key. Learning to advocate for yourselves with your teachers and counselors is another skill you will need to develop. Most importantly, though, is the fact that to get the most from high school, you must “plug in” to high school. Our number one predictor of success for students to succeed is how quickly you get involved with one (or more) of the clubs, teams, or student organizations that we offer. These give you the chance to pursue your passions alongside of those who share your interests. Being a part of something larger than yourselves will do more to prepare you for your futures than anything we can teach you in class. So, your number one task upon coming here is to “Get Plugged In!”

We have many opportunities to help get you and your families ready for high school. Please take advantage of as many of these as possible. One thing that I believe you will find at FCHS is that our teachers, counselors, staff, and returning students are among the most accepting, welcoming people you will ever meet. Come as you are and expect to be loved.

I look forward to seeing you on campus this fall.

Go Dawgs!!!
