We're Apple Spice. We opened for business in Forsyth County in late 2018. We serve meals to schools, businesses, government, churches and more.

If you haven't had our meals, you and your staff will love our food!

- Fresh-baked bread every day – our sandwich box lunches are amazing.
- Fresh, crisp salads – we get comments all the time about how fresh everything is.
- Our hot catering is a treat – we're currently serving our hot catering as separate, individual meals if desired.
