

Athletic Guidelines

Middle/High School

(Revised August 2018)

Dear Parent/Guardian and Prospective Athlete:

Welcome to the *Forsyth County High School and Middle School Athletic Programs*. (Revised 2018)

This handbook is designed to provide information about the Forsyth County High School and Middle School Athletic Programs. It also serves as a guide for all athletes, parents, and coaches who represent the Forsyth County School System by participating in extra-curricular activities.

The athletic departments at Forsyth County High Schools and Middle Schools have a strong commitment to integrity, dedication, scholarship, sportsmanship and leadership. Athletics provide the venue through which leadership, problem solving, goal setting, decision making, and perseverance are learned, practiced, reinforced, and rewarded.

High school and middle school athletics are not just participation and a team picture. A *true* athlete is someone of high moral character who possesses a genuine work ethic. He/She contributes to the team in many different roles and always strives for improvement and efficient execution of skills, in practice as well as in competition. An athlete has fun! It is fun to go beyond perceived limitations, set new goals, and achieve them. The amount of work it takes is immense, but the difficult road to success is well worth the effort!

We challenge you to make the commitment to build your future through athletics. Be a student-athlete and be supportive of our student-athletes.

With Forsyth County Pride,

I. PHILOSOPHY

Athletics can play a vital role in personal growth. Athletics teach, reinforce, and refine the attributes necessary for success in life. Forsyth County high schools and middle schools invite all students to grow into adulthood by learning to compete at their own age and appropriate skill level. Through its partnership with the Forsyth County Park and Recreation, the Forsyth County School System strives to provide opportunities for students of all ages to participate in extra-curricular activities.

A student's responsibility lies first in the classroom and secondly in the athletic arena. In all aspects of an athlete's life – academic, athletic, or citizenship in the community - the individual's commitment, execution, behavior and appearance should be exemplary. The coach's responsibility is to the student, team, coaching staff, program, school, and community.

Forsyth County teams should always strive to maintain a competitive level of success with other schools of comparable size in the state of Georgia. The athletes comprising these teams will be determined by an orderly selection process that is developed by the coaching staff of each program and follows the athletic philosophy of the individual school as established by the principal and athletic director.

All high schools in the Forsyth County School System are members of the Georgia High School Association. "The GHSA is a voluntary organization composed of public and private high schools. It strives to promote good sportsmanship and a cooperative spirit among its member schools. It endeavors to maintain high standards so that each pupil competing in each school is on the same basis. In the field of athletics its interest is the safety of the participants; it is on this principle that its athletic rules are based.

The GHSA operates under a Constitution and By-Laws which outlines the scope and purpose of the Association. It contains the standards of eligibility to be met by high school pupils for attaining the privilege of participation in inter school contests, and rules controlling the participation among schools. By adoption of the Constitution and By-Laws through its membership, member schools have by their initiative acted to operate and discipline their interscholastic activities and contests." (GHSA Constitution and By-Laws)

All Forsyth County School System high schools adhere to GHSA guidelines as well as Forsyth County policies and athletic guidelines. Forsyth County middle schools adhere to the local board policies as well as the Forsyth County athletic guidelines. Middle schools adhere to GHSA Constitutions and By-Laws as closely as possible (the nature of middle school athletics require some modification of GHSA). For questions, contact any local athletic director or the system athletic director.

II. COUNTY ATHLETIC DIRECTOR/ EQUITY COORDINATOR

A. Athletic Administrators and Coaches are expected to be responsive to and attend all meetings called by the County Athletic Director or receive advanced approval for absences.

1. The County Athletic Director will assist in coordinating all athletic activities for the school system. However, the coaches' immediate supervisors are the administrators at the high school.
2. When region affairs are in question, it is imperative that FCSD Schools understand that they are members of the region and are ethically responsible to help formulate the best situation for all schools in the region including non-county member schools. Prior to the region meeting, it is recommended that principals meet with members of their local school staffs in order to bring to the discussion meeting any positions to be taken, or recommendations to be made, on behalf of their particular school.
3. When the region meeting is held, it is suggested that each principal attend, and when this is not possible, that they appoint a designee to be the official school representative at the meeting. Each school has one vote.
4. The County Athletic Director will act as the system equity in sports coordinator. He is located at Hill Center Safety Office 136 Elm St, Cumming GA 30040, 770-888-3466 x 310268.

III. ADMINISTRATIVE RESPONSIBILITY

The administrative head of each school shall have on file in the school a certificate of an annual physical examination by a licensed medical physician, a doctor of Osteopathic medicine or a physician's assistant indicating the student is approved for participation in athletic activities before that student may try-out, participate in practice or conditioning drills, or participate in interscholastic contests (See the county athletics webpage for most recent forms).

The administrative head of each school shall operate all interscholastic contests and activities under direct and complete control of the school administration or designated school personnel. These responsibilities are not to be delegated by the Board of education, superintendent, or principal to any person or persons who are not a part of the school staff. These responsibilities shall include the handling of all finances, including capital outlay, the purchase of equipment and supplies, and the employment and payment of salaries to all personnel connected with the activity. The administrative head of each school shall be a person who believes in fairness and honesty as evidenced by the strict adherence to all rules and regulations in regards to eligibility of contestants representing his/her school. The administrative head of each school shall employ those persons who exemplify fairness and honesty. Any certified person who violates rules in regard to student eligibility, or illegal practices, or knowingly misleads a member school and/or the Forsyth County Athletic Director or Forsyth County School System will have a report of that behavior sent to The Professional Standards Commission. The administrative head of each school shall submit to the Forsyth County Athletic Director and Forsyth County School System such recommendations for the improvement of the Forsyth County Athletics as he/she may deem necessary. These recommendations must be submitted to the Forsyth County Athletic Director prior to the next county meeting (meetings are usually scheduled at the beginning of each season). The member institution has a responsibility to educate student-athletes, coaches, and other appropriate persons on Forsyth County Athletic Guidelines and Forsyth County School System rules and procedures that could affect them. Further, the member school should monitor its compliance with State Association guidelines. Member schools are expected to fulfill their responsibilities for a sports season once they have committed to play that sport.

IV. QUALIFICATIONS TO COACH

A. Certification:

An athletic coach must be a professional teacher meeting the teaching requirements and be employed by only one board of education or similar governing authority within the GHSA membership, regardless of whether or not they are paid for their services (note: Forsyth County does not employ coaches from other systems to coach in the Forsyth County School System), AND:

be employed for 20 or more hours per week on a regular basis in a professional, contracted position and must hold a teaching certificate or leadership certificate issued by the State of Georgia, OR

1. be assigned as a student intern in a practice teaching situation under the guidance of a college or university teacher training program, OR
2. be a retired teacher teaching or supervising less than one-half time (forty hours considered full time), OR
3. be a certified teacher or administrator at a member school on medical leave governed by the "Family Medical Leave Act" and/or the "Georgia Teacher Maternity Leave of Absence" policy.

B. Community Coaches:

Member schools may employ persons who are not professionally certificated teachers as assistant coaches in their athletic programs. These individuals are referred to as "community coaches" or "lay coaches."

1. Community Coach (lay coach) is defined as a person who may have less than professional-level certification, who relates in role and function to a professional and does a portion of the professional's job or tasks under the supervision of the professional, and whose decision-making authority is limited and regulated by the professional. Community coaches are not allowed to function without the immediate supervision of a professional.

2. Licensed para-professionals may not coach in Forsyth County.
3. Community coaches may coach for only one board of Education annually, regardless of whether or not they are paid for their services.
4. All community coaches must complete the GHSA Coaches Education Training and Testing Program in “Sports First Aid” and “Principles for Coaches” (Middle School Community Coaches refer to schools Principal and Athletic Director for proper procedure). See ghsa.net
 - a) ALL prospective coaches must be approved by the principal and subject to a criminal background check before they are registered for the GHSA coach’s education program.
 - b) Courses are offered at various times each school year throughout the state.
 - c) Prospective coaches are registered with the County office by the school hiring them.
 - d) No community coach may do any FCSS coaching until he/she has been notified that the GHSA Coaches Education program had been completed successfully.
5. It is recommended that the following priority for employment be used:
 - a) Certified employees in the local system (secondary, middle, elementary, central office, etc.)
 - b) Retired certificated personnel
 - c) Community coaches who have completed the GHSA Coaches Education Program.

After August 1, schools will have occasion to add members to their coaching staff. It is the responsibility of the member school to register these additions in a timely manner. A football coach on the payroll of one school district, but under contract to another school district for the following year, may help with spring practice at the new school if arrangements are satisfactory with both systems.

Failure to comply with these procedures could result in punitive actions including, but not limited to, forfeitures and other penalties assessed to the member school.

V. DIVISION OF SKILL

Seventh and Eighth grade students enrolled in the Forsyth County School district and one of its participating middle schools will be considered for middle school athletics. The focus is on developing individual and team skills, developing safe practice and play habits, practicing sportsmanship, and enjoying the sport.

Freshmen teams are available for the ninth grade students. The focus is on developing individual and team skills, practicing sportsmanship, and enjoying the sport.

Junior Varsity teams are an advanced developmental program available for students in grades 9-11. The focus is on learning new skills, improving ability, and practicing at a more advanced level so the athlete can transition to the varsity level. Exemplary sportsmanship is a high priority, and winning is a goal.

Varsity teams are advanced programs for grades 9-12. Skill and ability are at a high level. These athletes are the leaders of each program in and out of the athletic arena. Exemplary sportsmanship and winning are high priorities.

All members of the Forsyth County Athletic Departments are dedicated to excellence. Integrity, commitment, sportsmanship and leadership are the cornerstones upon which we build our success.

Winning is important, as long as the lessons learned along the way contribute to the development of the *whole person – a person of integrity*. This is what we call exemplary sporting behavior.

VIII. ATHLETIC PARTICIPATION REQUIREMENTS FOR MIDDLE AND HIGH SCHOOL STUDENTS

A student may participate in athletic programs in the Forsyth County High/Middle Schools provided the following requirements are met:

A. Eligibility:

A student must be listed as eligible to participate on the appropriate form that is completed by the Athletic Director and submitted to the GHSA (for high school) and the school level Athletic Director (middle school). Athletic Directors are responsible for appropriate filing of reports in the home school. Middle schools playing interscholastic contests before the filing of an eligibility report on one or more participating students may be subject to the following penalty imposed by the Forsyth County School System: Forfeiture of any game in which one or more participants did not have eligibility report filed. Students enrolled in alternative placement are not eligible.

B. Exemplary Sporting Behavior/Sportsmanship:

Sporting behavior means active demonstration of competitive integrity and ethics, respect for opponents and officials, fair play, understanding of the rules, appreciation for all performances regardless of school, personal and school pride, and gracious acceptance of results. Exemplary sporting behavior is a requirement of all athletes, coaches, parents, and students. The Forsyth County athletic teams, fans, and community will set a standard far above that of the behaviors seen at the collegiate and professional levels in current society. Forsyth County Schools Athletics and the Forsyth County community will adhere to the following values of sporting behavior:

1. During the National Anthem and/or Pledge of Allegiance, students, athletes, and fans will remove caps, stand at attention, face the flag and participate in honoring our country.
2. We will treat all opponents, officials, and fans as guests in our school. We will extend to them a welcoming atmosphere conducive to healthy competition that supports the educational mission of athletics.
3. Only positive cheers will be used. No profanity or personal attacks from players, coaches or the crowd will be tolerated.

4. Cheer and tumbling routines must be performed in front of our own student body or adult crowd.
5. Homemade banners are allowed if they display only positive statements. Banners must not block the view of others.
6. Drums, whistles and bleacher kicking are prohibited.
7. Only cheerleaders on the floor may use megaphones.
8. Bands may play only during a dead ball. No instruments of any kind may be used during a live ball.

C. Insurance Coverage:

The student must provide insurance coverage information on the physical/parent permission form (GHSA and County approved ONLY). If a family wishes to purchase student accident insurance for their child, a form can be obtained from the Athletic Office. The Forsyth County School District does not pay for medical expenses related to injury during competitions or practices. Personal insurance or purchased school insurance is required. It is the parent/guardian's responsibility to obtain the appropriate insurance coverage.

D. Physical Examination and Parent Permission:

The student must have on file, with the home school Athletic Office, the provided GHSA form (NO substitutes will be accepted) signed by his/her parents certifying that the student has permission to participate in the school athletic programs. Also, on this form will be the results of a physical examination conducted by a practicing physician, physician's assistant or nurse practitioner. One examination per year is required and is conducted at the student's expense. It is strongly recommended that all athletes obtain physicals during the scheduled time provided through the High Schools or Middle Schools. Forms are available at the Forsyth County Athletic webpage. Students must file with the Athletic Office a parent permission form, proof of insurance, and a physical exam prior to taking part in any school-sponsored practice or clinic/camp. Additional forms may be required. Physicals that expire in the middle of any sport season will be considered expired prior to its beginning.

E. Athletic Transportation\Participation Fee:

Each athletic program/sport will determine the transportation cost for the season, and the total amount will be divided equally among the team members. Transportation fees are collected for each individual athletic program in which a student participates (set by individual school based on travel). For example, if a student participates in basketball and track and field, he/she would be required to pay the transportation fee for each sport, (i.e., basketball fee and track and field fee). The Transportation Department bills the high schools and middle schools for transportation fees at the end each season:

- Fall - December 1st
- Winter - March 1st
- Spring - May 1st

F. Transportation:

1. All team members will ride to an event in school provided transportation with the team. Any athlete, who arranges independent transportation to an event, without permission from the coach and the Athletic Director in advance, will be ineligible to compete in that event.
2. All team members will return to their High/Middle School in the Forsyth County provided transportation unless a Travel Release form is completed by a parent/guardian.
3. Athletes will only be released to their own parent/guardian from a contest. A parent/guardian must sign out the athlete from the coach at the contest site.
4. In the event that extra curricular activities have been cancelled by the FCSS for ANY reason, no athlete is permitted to enter an athletic event and participate as a school representative. Athletes entering events during a time of cancellation for the FCSS will be subject to dismissal from the team. Coaches will not encourage the athlete's independent participation and will not attend the event during the period of time that activities have been cancelled.

IX. REGULATIONS OF COMPETITIONS AND PRACTICE

A. General Practice:

An athlete may practice only if all of the following requirements have been met:

1. Current physical, health history, FCSS Participation form, proof of insurance is turned in to the coach or on file in the Athletic Office.
2. All equipment from a previous season of participation is turned in or has been paid for.
3. Transportation fee has been paid.
4. Current season Athletic Contract has been read and signed by both parent/guardian and athlete and is turned in to the coach or on file in the Athletic Office. (Optional- school by school)

B. Sunday Competition:

Sunday competition is prohibited for GHSA regular season or playoff contests. Sunday practices are regulated by local school policy with county AD permission only and are strongly discouraged.

C. Contest Rules:

All athletic and literary competitions are to be played according to the rules published by the National Federation of State High School Associations, using officially-dressed officials who are registered with the GHSA or another State Association (Golf is played according to the rules of the USGA).

D. Postponed, Suspended, or Terminated Contest:

Any GHSA competition may be interrupted due to human, mechanical, or natural causes when it is necessary to protect the safety of players and spectators. The host school shall have the authority to postpone GHSA events and to direct the procedure for rescheduling when deemed necessary. Middle school principals may agree to alter start times.

E. Suspended Games :

The official in charge may suspend a game for up to one hour when interrupted by events beyond his/her control. The one-hour interruption is cumulative with the exception of time between periods. The game shall be terminated after the one-hour (cumulative) delay. If it is not a complete game, administrators of the schools involved (or their designees) should decide about replaying the game.

F. Terminated Games:

Games terminated after one-hour delay shall count as “no contest” if less than half the game is complete or there is a tie. Games terminated after one half has been completed shall be considered a completed game and the team leading in the score shall be declared winner.

G. Severe Weather (Lightning):

The GHSA requires lightning detectors at all outdoor athletic activities. When a lightning detector indicates a dangerous situation, the host school will notify the head official. At that point, play will be suspended and all participants will go to a place of safety (NOTE: If officials spot lightning before being notified, they may suspend play). When the detector indicates that it is safe to resume play, the contest may resume.

H. Absence of Officials:

In the unlikely event that game officials do not arrive for a contest, both schools should agree on one of the following procedures: (High School will follow GHSA guidelines)

1. Delay the game until a new set of officials can arrive
2. Agree to play the game on another date except a Sunday
3. Use registered officials who might be in attendance at the contest
4. Use coaches or school personnel from both schools
5. Use formerly registered officials who might be in attendance at the contest.

I. Use of School Athletic Equipment and Uniforms:

School-owned athletic equipment is not to be issued to individuals or groups outside the dates of the normal school year or formal practice season of each respective sport during the school year. Athletes will compete in school issued equipment. Uniforms are to be worn only in relationship to team events, and never casually around school or in the community without permission of the principal or athletic director and only as a display of school spirit and unity.

J. Activity Conflicts:

Where sports or other school activity conflicts occur, the following policy will apply:

1. The athlete will have first made prior arrangements with the coach and activity sponsor to participate in both activities under mutually agreed upon conditions.
2. The *performance*, i.e., the athletic game or meet in sports, or concert in music, or performance in drama has priority over any practice or extra rehearsal. In the event a practice, extra rehearsal or even final dress rehearsal is scheduled at the same time an athletic game or meet occurs in which the student is participating, the game or meet has priority and the music member is excused without penalty. Conversely, in the event the music performance conflicts with an athletic practice (even a final practice), the performance takes priority.
3. In the event practice occurs at the same time in both music and sports, the practice time is divided equally between the two activities.
4. In the event a drama performance conflicts with a game, both being scheduled at the same time, the student is permitted a choice without penalty. But this conflict must be resolved at least 2 weeks prior to the events. In the event of a dispute, the Athletic Director will act as arbitrator.
5. In the event that a club sport or outside activity conflicts with participation on a school sponsored team, the coach and/or athletic director will have the authority to remove the athlete from the team for failure to support his/her commitment to the school sponsored program.

K. Dual Sports - One Season:

The athlete will make arrangements with the coaches of both sports to be a member of two teams simultaneously. This meeting must take place before the competitive season begins for each sport and will include: the athlete, a parent/guardian, both coaches and the athletic director. In order for an athlete to become a member of both teams, all team expectations must be upheld for each sport /team involved. The athlete must, at that meeting, declare a primary sport of participation. In cases of conflict, the athlete will then adhere to the policies of the primary sport.

L. Reporting and Committing to a Sport:

Students are expected to report for sports at the beginning of each sport season. Those who report late may jeopardize their chances for participation. Once the athlete decides to join a team, he/she must conduct himself/herself in such a way that he/she will reflect the athletic department standards of integrity, dedication, and sportsmanship. Practice keeps the proper mental attitudes and physical attributes needed to produce champions. Any athlete missing a practice session or contest must present his/her excuse to the coach. If the athlete knows in advance that he/she will miss, he/she must inform the coach in person, and request to be excused. Excused and unexcused absences will be addressed by each coach involved. All athletes are expected to report on the first scheduled practice day and for the duration of the try-out period as well as the entire season of sport. It is ultimately the responsibility of the coach to maintain a disciplined athletic environment. Coaches may remove players they feel are not in keeping with the philosophy of the team. Coaches are encouraged to inform the local school athletic director and administration before making a decision to remove a player. A player that quits a team at any time during the season or playoffs is not eligible to practice or play with any other team until the completion of the season of the sport that the player quit.

M. Selecting a Team/Cut Policy:

Selecting the members of any particular squad within a program is the sole responsibility of the coaching staff of that program. However, he/she must stay within the guidelines determined by the league rules, athletic director and head coach; members must be selected in accordance with the philosophy of the athletic department. The Athletic Departments and Forsyth County High/Middle Schools encourage students to participate at their respective skill and ability levels. Accordingly, situations arise wherein coaches must evaluate student athletes to determine the appropriate level of participation. The selection process is to be done in a systematic manner. The coach will share the selection criteria and process with the athletes as part of the orientation of the sport. Students not selected may contact the head coach for selection questions.

N. Summer Participation:

Participation in summer leagues or summer camps can be encouraged but cannot be used as a prerequisite for participation in an athletic or performance type activity.

1. From the beginning practice date of the first GHSA sport until the last day of school no coach is allowed to work in a camp or clinic in which members of their team are participants unless it is during their designated season as established by GHSA.
2. The school employee is also cautioned not to require or expect participation in an activity in which the employee receives compensation beyond his/her contracted salary. For further clarification, the following is from GHSA regarding Summer Activities:
 - (a) **Dead Week:** All schools are prohibited from participating in voluntary workouts, camps and/or clinics, weight training or competitions during the week (Sunday through Saturday) in which the fourth of July falls each year.
 - (b) Please be aware that GHSA insurance does not cover summer camps, clinics, or practices!!
 - (c) Catastrophic Insurance expires when school is out and does not resume until the first day of football conditioning. Normally any school insurance that a student has obtained also expires with the end of school.
 - (d) Non-mandatory practices may be held during the summer months in any activity.
 - (e) Students may attend camps, clinics, and practices from the first day schools are out until the beginning practice date of the first GHSA sport. Students may participate in football passing leagues, basketball leagues, baseball leagues, etc. They may not represent a school during the summer months.
 - (f) These camps, clinics or practices may not be exclusive, i.e., any student who wishes to attend must be allowed to attend.
 - (g) Camps, clinics or practices may occur on or off school property. If they occur on school property, arrangements must be made with the proper school authorities for the use of school facilities. See local athletic directors for camp fees to be paid to facilities.
 - (h) Students may play on a summer league team that is coached by the high school coach after the last day school is out until the beginning practice date of the first GHSA sport.
 - (i) Coaches may coach teams consisting of participants not on their high school team prior to the end of school.

O. Rules of Conduct for Athletes:

Athletes are representatives of the school, the community, and the league. As leaders in the school, athletes are expected to conduct themselves in a manner prescribed by the athletic department and the school. This conduct shall continue throughout the year and not just for a particular sports season. The athlete shall display good sportsmanship at all times. Inappropriate behavior or language, failure to follow the instructions of the coach and/or officials may lead to suspension from contests and/or the team. A neat, clean and well groomed appearance is expected at all times from every member of the athletic department: athletes, coaches, and administrators.

2 pounds	32oz. (4 cups or one sports drink bottle)
4 pounds	64oz. (8 cups or two bottles)

III. Guidelines for Extremely Low Temperatures

- A. The local school principal, or designee, will make the final decision as to whether outdoor practice will be allowed. The health, safety, and welfare of the students should be the determining factors.
- B. The wind chill factor should be used to determine the severity of the cold temperature, NOT just the temperature alone.
- C. Warm-up and stretch properly up until immediately before the competition or practice.
- D. Clothing should be selected for comfort. Do not overdress. Multiple layers provide good insulation.
- E. Properly cover the head, neck, legs, and hands. Much of your body heat is lost through these areas.
- F. Extreme cold blocks some sensations of pain. Thus, frostbite can easily affect the fingers, toes, ears, and facial areas. Check these areas regularly.
- G. Hypothermia is a dangerous and severe level that can occur in cold temperatures. Add extra clothing and move to a warm environment immediately after exercising or practice. Drink warm fluids if possible. Hypothermia has occurred in air temperatures of 50°-65°F.
