

West Family,

Our first two days of school were awesome! Words cannot express how amazing it was to see and interact with all of your children. I am very proud of them for following our back to school guidelines and keeping our West Family safe. I reminded them on the morning announcements that if they want to continue face to face instruction, compete in athletics, perform in the arts, or stay involved with clubs and other activities at school, then we **MUST** continue to stay diligent in following our guidelines every day.

Parents we need your help. Please do **NOT** send your children to school if they are awaiting test results, they are symptomatic, or anyone in your home has tested positive. Instead, please contact me (kmercerc@forsyth.k12.ga.us) or Dr. Osabutey-Aguedje (tosabutey-aguedje@forsyth.k12.ga.us) and we will advise you on how long to stay at home. **We are ALL in this together.**

Thank you for your continued patience, support, and flexibility. Have a great Wolverine day!

Keep West at its Best! Wolverine Family wear your mask! #ProtectTheDen

Mr. Karl Mercer, Principal
West Forsyth High School
