

**South Forsyth High School IE2 Contract 2019-2020**  
**RETURN COMPLETED CONTRACT TO COUNSELING OFFICE BY MARCH 4, 2019**

Student Name: \_\_\_\_\_ (please print)

Eligible seniors at SFHS may choose to participate in a shortened school day program that will allow them to meet all remaining high school graduation requirements, while attending fewer classes than the regular 7 period day. Students participating in the shortened school day program are eligible to participate in activities/athletics sanctioned by the Georgia High School Association (GHSAA). However, to remain eligible to participate in a sanctioned event, the student must follow all GHSAA rules and regulations, which include earning a minimum of 2.5 Carnegie units of credit for each semester (or 5 classes). **Please note that if you only take 5 classes, you must pass all five to remain eligible.**

- If I do not earn credit for all classes in the 2018-19 school year, it is my responsibility to notify my counselor to determine how my schedule should be modified.
- I will attend all classes as scheduled by SFHS, including Instructional Focus.
- I understand that there is no guarantee that my required classes can be scheduled to allow for a shortened day schedule.
- I understand that my schedule is set for the entire 2019-20 school year.
- I will (leave and/or arrive) on campus immediately (after/before) my (last/first) class and remain (off/or not report) to campus until the (end/beginning time) of the (first/last) class. I must provide my own transportation. An abbreviated school day does not guarantee a parking pass.
- I will follow the Code of Conduct, Attendance Policy, and SFHS rules as listed in the Handbook.
- I understand that if I have ISS for a consequence, it will be the entire school day (7 periods).
- I understand that a shortened school day may negatively impact my GHSAA eligibility, my NCAA eligibility, and/or college acceptance. I accept responsibility for contacting these organizations/schools to determine if a shortened school day is an appropriate decision for me based on my postsecondary plans, my GPA, and my HOPE GPA. Students seeking entry into competitive colleges will want to experience a more rigorous senior year.
- I accept responsibility for getting deadlines and graduation information.
- I accept responsibility for my behavior after I leave campus and/or report to campus.
- IE2 privilege will be reevaluated at the end of each marking period and could be revoked due to lack of academic progress.
