

# Students Who Receive SSI

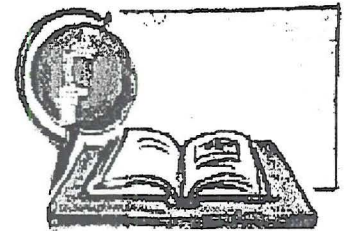

## Did You Know

You can work and earn up to **\$1,780** per month with no change in your Supplemental Security Income (SSI) disability check if you are:

- Under age 22
- Regularly attending school

If you qualify, we do not count the first **\$1,780** of your earned income up to a calendar year maximum of **\$7,180**. We call this the Student Earned Income Exclusion (SEIE).

### If this is you:

When you report your work to your local Social Security Office, also take proof that you are attending school.

If you have more questions, contact your local Social Security Office or call Social Security at 1-800-772-1213.
