

World Language Community Service Project Documentation

Community service projects are planned, organized, and voluntary efforts designed to address a problem or need in the community. To be meaningful, community service projects must address a real need or problem found within the school or community. The community service project you choose to do should also reflect your personal interests and skills. In addition, worthwhile community service projects require an ongoing commitment on your part.

**10 hour minimum – can be combined with requirements for National Honor Society (NHS), Spanish National Honor Society (SNHS), French National Honor Society (FNHS), German National Honor Society (GNHS), Latin National Honor Society (LNHS), or other service areas.*

You should think about the following questions before selecting a community service project:

- What need or problem exists in the community that you are interested in related to the world language subject area?
- What project can be developed to work on this need or problem?
- Will your project provide an important service related to the world language subject area?
- Does the project match your interests, talents, and abilities in relation to the world language subject area?
- Are there any special qualifications you need to work on the project?
- Will you be able to spend the necessary time on the project?
- What planning steps are needed before beginning the project?
- Who needs to be contacted before the project begins?

The organizations and agencies listed below typically welcome volunteers. This list should help you develop ideas for community service projects related to your world language subject area. Additionally, you are strongly encouraged to involve your parent/guardian in the process of selecting your project. While this is your project, their support is also necessary.
